Dear [Title / Name],

[]

[First paragraph — the opening. Replace this text with your letter's context. Letters from Rawinnipa open with a direct statement of purpose: no throat-clearing, no hedging. State what this letter is about and why the recipient should keep reading.]

[Second paragraph — the substance. Explain the ask, the proposal, or the update. Be concrete: dates, numbers, names, deliverables. Use plain language.]

[Third paragraph — the next step. End with a clear call to action: what you need from the recipient, and by when. Offer a concrete next touchpoint — a meeting, a review, a reply.]

Best regards,

[]
